V.V.P ENGINEERING COLLEGE

RAJKOT

CERTIFICATE

This is to certify that Mr. **MUDIT JAYESHKUMAR DHOLAKIA** Roll No. **10CE015** of Computer Engineering Department studying in 6th Semester Has Successfully completed and submitted his term work and report of SOFTWARE ENGINEERING Subject within the four walls of V.V.P Engineering College.

Date of Submission: _____

Staff Incharge

Head Of Department

ACKNOWLEDGEMENT

I extend my sincere gratitude towards Prof. Tejas Pataliya Sir Head of Department for giving us his invaluable knowledge and wonderful technical guidance

I express my thanks to Prof. Girish Mulchandani sir and Dipesh Joshi sir our group tutor for their kind co-operation and guidance for preparing this report.

I also thank all the other faculty members of CE department and my friends for their help and support.

ABSTRACT

Examination is all about learning the skills and testing them. But now a days due to the fast growth of educational assets it is difficult to stay in competition. So better way is to test ourselves while we prepare. Nowadays people have so fast life so there is a system needed that can be accessible to the user at any time at any place. So evaluation can be done through online exam. Here we are designing and implementing the online exam system. By this way we are just going to increase the level of knowledge sharing. It is the way through which students can openly give exams. This application is open so any private group owners can use this application by having only browser installed into their computers. Also we are going to give full open environment as a single login has access to every subject exam. Thus by using such kind of application by designers there can be a huge boost in research and development of this kinds of web applications.
